EXPERIENCE

T-Systems, *InnoLab Intern* | Stuttgart, Germany — June 2025 – July 2025

- Built and maintained exhibits and design cases showcasing state-of-the-art technology under the T-Systems portfolio.
- Bridged engineers and stakeholders to enhance Teleoperated Driving, RobCo Precision Manufacturing Robot, and Digital Twin showcases.
- Strategically rebuilt InnoLab visual identity and merchandise, distinguishing the team while remaining identifiably Telekom.

Method, *User Experience Designer* | Santa Clara, CA — June 2024 – August 2024

- Conducted UX research, synthesized findings, and prototyped features as part of a team of 7 product/experience designers.
- Collaborated with a team comprised of 30 product strategists and engineers over 8 weeks to deliver a completed MVP.
- Provided stakeholders with additional designs and features for future consideration.
- Built experience in industry tools such as Figma and Jira, and learned meaningful lessons about product delivery within a design consultancy.

Freelance Photographer & Media Professional — January 2024 – Present

- Leveraged personal artistic photography passion to establish a freelance entity, specializing in capturing human emotions through portraits.
- Provided unique headshot services for college students, enhancing their professional identity.
- Collaborated with small businesses to elevate their online marketing presence through compelling visual content.

RELEVANT PROJECTS

Secondary Research Paper — 2023
The ubiquitization of Electric Vehicles in North America: a blessing or a curse?

- A 4000-word research paper I wrote during my time as an IB Diploma student
- Addresses the research question: *"In what ways does the advancement of Electric Vehicle technology and infrastructure perpetuate existing economic and environmental injustices?"*

LEADERSHIP

*Media & Marketing Executive***, UWC Africa Week** — May 2022 – August 2023

- UWC Africa Week is an annual student-led event that has grown to be the largest student-led event at Waterford Kamhlaba UWCSA, arguably eSwatini and one of the largest on the African continent.
- Contributed as the Media and Marketing Executive to UWC Africa Week, a week-long celebration highlighting African culture, history, and future through expert panels, interactive activities, and cultural festivities, enriching the international school experience.
- Introduced a fresh design language and collaborated with a media team to enhance social media engagement, resulting in increased foot traffic at events.

*Team Lead***, First Robotics** — Seasonal: 2016 – 2021

- Have led and been involved in various robotics teams and projects, climbing from a junior team member to a project lead.
- Experience with: Lego Mindstorms NXT & EV3, and competition in First Robotics: FLL, FTC, FRC. Was part of national-qualifying FLL and national champion FRC teams.
